

Burrillville Community:

It is very difficult writing this farewell.

As we approach the end of another school year, so too will I be ending my career in education. As an educator of 48 years serving as a teacher, special education director, principal, assistant superintendent, and superintendent, I enjoyed every minute. I want to thank the Burrillville community for their support over the last nine years. It has been a pleasure working in the Burrillville community and working side by side with consummate professionals. The community has been very welcoming and gracious. I had the honor of meeting outstanding individuals, community groups, and elected officials. I spent my entire life working in the field of education, which I believe is the most important profession on the face of the earth. Lastly, thank you for allowing me to serve as your superintendent.

Burrillville is a great community committed to high educational standards.

Forty-eight years is a long time; however, without wavering, I would do it all over again. For me, it was always about the children and making decisions in the best interest of children. I wish the Burrillville School District and Community continued success.

Thank you.

Dr. Pallotta
