July 31, 2020

Dear Burrillville School Community Member,

Below is a link to our Reentry Plans for the 2020-2021 school year. These plans were submitted to the Rhode Island Department of Education for feedback on July 17th. Upon receiving the feedback on July 29th, the plans were revised. Some of the plans that were detailed during the parent forum have been changed. The revisions include the elimination of the partial return option that called for a staggered return (50% of students on alternating days). Additionally, a revision was made to the full return option that calls for a 5 day a week return, once it is possible. Finally, we added our full distance learning model and provided a distance learning option available upon parent request. This is open for all students.

Please note that these plans will be continually reviewed and revised as needed. Recommendations from RIDOH, RIDE, and the Governor's office will influence the revisions. Ultimately, which scenario we employ for a return to school will be guided by the metric detailed by Governor Raimondo earlier this week. You can find information about these metrics [HERE](#).

Burrillville School Department Reentry Plans can be found [HERE](#).

Thank you for your collaboration and support as we navigate these difficult times. Stay tuned for additional information. Please note, we are awaiting the release of a school "playbook" by the RIDOH. Once released, this document will provide protocols and procedures on multiple safety scenarios related to Covid19.

Sincerely,

Michael Sollitto

Michael Sollitto, Ed.D.
