September 23, 2020

Dear Parent/Guardian,

Due to social distancing requirements and other safety measures, the following guidelines have been put in place. All students riding the bus must abide by the following:

- Parents must screen students prior to entering the bus. A one-page screening tool is attached to this letter and can also be found on Skyward. Any student that exhibits a symptom of Covid19 should not be cleared to ride the bus or attend school.
- Students must wear masks while entering, riding, and exiting the bus.
- In order to maintain stable groups, students must take the same bus to school every day and the same bus home every day. Bus changes will not be allowed.
- Assigned seats will be given to students riding the bus.
- Bus windows will remain open to increase air circulation. Students should dress accordingly.
- Students on the bus must sit facing forward and limit talking to the extent possible.
- The bus will be sanitized between bus runs and thoroughly cleaned prior to the next run.

Thank you for your patience and cooperation in this matter.

Best Regards,

*Michael Sollitto*

Michael Sollitto, Ed.D.
